Subject: Re-submission of Additional Packs Needed from MA
Importance: High

John, As I have called and explained to Cathy, the wrong information was sent to you concerning the additional packs needed from MA. We forgot to include the packs received yesterday from Middlesex county. Since it takes awhile for exchange mail to get to you, I will also fax this information. I apologize for the oversight. We certainly do not want the TSM's to do any more than they need to do. This would of come to you sooner but I have had some problems with the computer. Thanks again for all of your support!! I will keep you informed of any product we receive tomorrow and send you another update.
